

# VALIANT GIRL

A small family was living in a hut near a forest. Bianca! Bianca, can you go pick some fruits from the forest, and Dad is out fishing, Bennett Yes, mummy said Bianca. She went out with the basket and started walking when she spotted a mango tree. She mounted the tree and stood on a tree branch, and started plucking the mangoes one by one and dropping them into the basket. She heard a roaring sound, it was very near, she felt goosebumps as she looked up and hollered AAAA! It was a tiger. The tiger bounced down where she stood and attacked her. She moved back and fell. The tiger jumped on the ground, she got up and ran, and the tiger chased her. She hid inside the house. The tiger ran past the house. She started exploring inside the house, and clothes and bottles were down. She heard a cry, she went inside a room, but there was no one. But she was still hearing the crying sound, but could not see anyone, and her heart started beating fast. Suddenly, she felt a touch on her shoulder AAA! Screaming, the man grabbed hold of her and voiced, " WHO ARE YOU?" She pushed him and was about to run. But the man caught her,

dragged her to a room and pushed her into a room and locked it. "Let me go! Let me go!" screamed Bianca. He won't let you go she heard a voice. She turned and saw a girl "Who are you?" asked Bianca "I am Ariel" How did you get here? Asked Bianca, "I was kidnapped by this person from the orphanage and made me work in the house all day and gave me very little food, and when he goes out, he will put me here," said Ariel. Oh! I am sorry! Responded Bianca. She searched for a window. Finally, she found a window, yes! I found one, but it is too high, she thought as her face turned into disappointment. "What are you doing?" asked Ariel, "I was searching for a place, I found a window but it is too high I wish there was something to step on it so we can climb out" said Bianca "There is a table" replied Ariel "oh there is! Show me!" responded Bianca, Ariel took her towards the table, "help me push it" spoke Bianca. They pushed the table towards the window, they stood on it, and Bianca climbed out first. As Ariel was climbing out, she felt someone pulling her leg. She looked behind. It was that man, "let me go! let me go!" she screamed. Bianca took an iron rod and beat the man. The man screamed AAA! and fell. She climbed out, and they both ran to Bianca's parents' house and entered the house. Her parents were sitting on the bed "Where were you this much time? And who is this?" asked Bennett. Bianca sat down on the bed and told

**everything to her parents everything. They were shocked and called the police and said, "Hello, sir, I am Benjamin. We have a case to fill in," and told them everything. The police came and arrested him, and the police said to Mr. Benjamin and Mrs. Benjamin, "We had been searching for the girl for so many years. Her parents died when she was a small girl, and she was sent to the orphanage. Later, she was kidnapped, and now she is found". After hearing this, the parents adopted her.**
